

RoHS DECLARATION of COMPLIANCE

for

Model KLA-Series Professional Loudspeakers and KLA-Series Accessories

Including the Models KLA12 Line Array, KLA181sub, KLA Array Frames and Covers

QSC Audio Products, LLC declares as its responsibility that the above named products are in compliance with the Council Directive 2002/95/EC on the restriction of the use of certain hazardous substances in electrical and electronic equipment.

The above mentioned directive was published on 2/13/03. The main purpose of the directive is to prohibit the use of lead, mercury, cadmium, hexavalent chromium, polybrominated biphenyls (PBB), and polybrominated diphenyl ethers (PBDE) in electrical and electronic products. Member states of the EU are to enforce by 7/1/06.

QSC Audio Products, LLC hereby states that the listed products do not contain unintentional additions of lead, mercury, hex chrome, PBB, or PBDE that exceed a maximum concentration value of 0.1% by weight or for cadmium exceed 0.01% by weight, per homogenous material. Homogenous material is defined as a substance or mixture of substances with uniform composition (such as solders, resins, plating, etc.). Lead-free solder is used for all terminations (Sn(96-96.5%), Ag(3.0-3.5%) and Cu(0.5%)).
