

Updated as of 4/29/2020- This list is subject to change and it is the responsibility of the Integrator/reseller to contact QSC to determine if there have been any changes.

TAA refers to the Trade Agreements Act (19 U.S.C. & 2501-2581), which is intended to foster fair and open international trade. TAA requires that the U.S. Government may acquire only “U.S. – made or designated country end products. This act requires that contractors must certify that each end product meets the applicable requirements. End products are ‘those articles, materials and supplies to be acquired for public use’.” This includes items which have been “substantially transformed” in the United States.

QSC’s TAA compliant products are assembled in the U.S.A, Taiwan, and Mexico, and are approved to be acquired for United States Government use. These products are:
